## Remarks

Dependent Claim 10 has been amended to add a comma, and to correct a minor error by removing "and treating" since Claim 10 relates to the imaging step as evident by its language "said reflected light from said tissue" of the imaging step of base Claim 1. As this amendment places the application is better condition for issuance, entry of the amendment is respectfully requested.

Respectfully submitted,

Dated: December 21, 2006
